Commercial Line Sheet

Intelligent Systems Solutions
Steam – Air – Hot Water
www.armstrong-intl.com

Pressure and Temperature Controls

- Pressure Reducing Valves
 - Direct Acting
 - Internally Piloted
 - Externally Piloted
- Temperature Regulators
- Control Valves
- In-Line Separators

Condensate Recovery Equipment

- Pressure Operated Mechanical Pumps
- Electric Condensate Return Pumps
- Sump Pumps

Humidification Equipment

- Conditioned Steam
- Electric Steam
- Gas Fired
- Compressed Water/Air

Water Heating Solutions

- Steam & Gas Fired Water Heaters
- Heat Exchangers

RADA Mixing Valves

- Thermostatic
- Digital

Steam Traps and Strainers

High Efficiency
Water Heaters
& Boilers

www.lochinvar.com

- Industry leader of light commercial and commercial gas fired and electric water heaters and boilers.
- Inputs from 50 MBTU to modulating systems in excess of 10,000 MBTU.
- High efficiencies range from 81%-97%.
- ASME pressure vessels from 6-3,500 gallons.

www.heat-fab.com

- AL294C single and double wall vent materials for Category II, III, and IV gas appliances.
- Utilizes a built-in high temperature silicone gasket for easy installation and safe operation of Category IV gas appliances.

DURABLA®

- Check Valves
- Control Valves

Manufacturers of
Temperature & Pressure
Instruments
